Spammer wise, whoever gets there first. Nobhead wise, whoever wins the toss, generally. :devilish: Or, one might even reserve the privilege of kicking certain people in advance in certain cases. :devilish: :D

One being shogunphil

as for the spam i think there has been only 2 and on of them did 39 post that had to be deleted one by one

As for banning new unwanted members ..... that might be a bit of a scramble :devilish:
