I want the Scots to kick the living daylights out of the frogs. If it was Wales and france I'd have to support Wales it would be a bloody hard thing to do but I'd support Wales

Worse than that - I actually left the pub before the end of the match - this kicking game is not the way Wales play - it's actually more depressing than the result.

(and that hurt)

I agree! watching ariel ping-pong with an oval ball is mind numbing .
Mind you I'll put up with it as long as we win :D but I still prefer watching the forwards battling to give the backs some good clean ball and space to run it :D :D :D :D
