You are welcome to them. You can even put them where the monkey puts his.

Brummie

Fat, overweight and unhealthy

:devil:

Even the Yeti wouldn't want to go near YOUR nuts ...

:lol:

We might be lucky and he's cracking

the Squirrels nuts :devilish: :devilish:

Ahem,cough ,cough

I don't know what you're talking about. Anyway they are not cracked they are worn out :D :D

sure you don't mean rusty ?

Posted by: Brummie
Date: 13-05-2010 08:13:57

no they are worn out there's no ginger, sorry rust on them at all

Oi i don't do that sort of thing

Well not in public anyway :devilish: :whistle: :whistle:
