Slowly to be honest.

You know when writers just sit there staring at a blank sheet of paper trying to think of what to write?  
Or an Artist standing in front of a blank canvas with a palette in one hand and a brush in the other looking for inspiration?

Thats me of late. :/

I'm back in the groove now though.

Yes I know exactly what you mean. I appear to have lost my mojo completely. Must be my hormones.

All too well. That's been me, since the stork dropped me on my head. Im only 38 in zarg years but that's about the same as ten

Million of your earth years. :D

I KNEW IT!!!!

You alien. :D

SOLD!! :D

No rush to send it yet though, as I'll need to put some cash into PayPal first so I can pay you.

Cheers.
