Don't forget to mark your calendars.

As you may already know, it is a sin for a Muslim male to see any woman other than his wife naked and if he does, he must commit suicide.

So tomorrow at 1 PM , all English women are asked to walk out of their house completely naked to help weed out any neighborhood terrorists.

Circling your block for one hour is recommended for this anti-terrorist effort.

All patriotic English men are to position themselves in lawn chairs in front of their houses to demonstrate their support for the women and to prove that they are not Muslim terrorist sympathizers.

Since Islam also does not approve of alcohol, a cold 6-pack at your side is further proof of your patriotism.

The English government appreciates your efforts to root out terrorists and applauds your participation in this anti-terrorist activity.

God Bless England
