You been borrowing Vince's cloak of post invisibility? :D

I have one if no one locally can help, but you won't get it till tomorrow.

That doesn't seem to exist, looking at the O.P's other post(s). :D Woodruff keys ain't exactly hard to get hold of. Why the hell is he planning on spending a tenner with Terry when both you have one and they're literally only a pence part new?

p.s: You had chance to look for a top nut and cover yet? :whistle: :D

But hey, if he wants £10's worth of woodruff keys so be it.

:D :D :D
